

Installation & Un-installation Manual for USB Pratirodh Single PC Version 3.2

Installation Prerequisites and Guidelines

Ensure that the following requirements are met before you install

Microsoft Windows XP SP3 or higher

Microsoft .NET Framework 4.5 or higher

Microsoft Visual C++ 2010 x86 Redistributable

Microsoft Visual C++ 2012 x64 Redistributable

Before starting the installation, please close all other applications and save all your work.

Installation Steps

Step 1:

Click on the USB Pratirodh Single PC Version setup, then the following window will be shown.

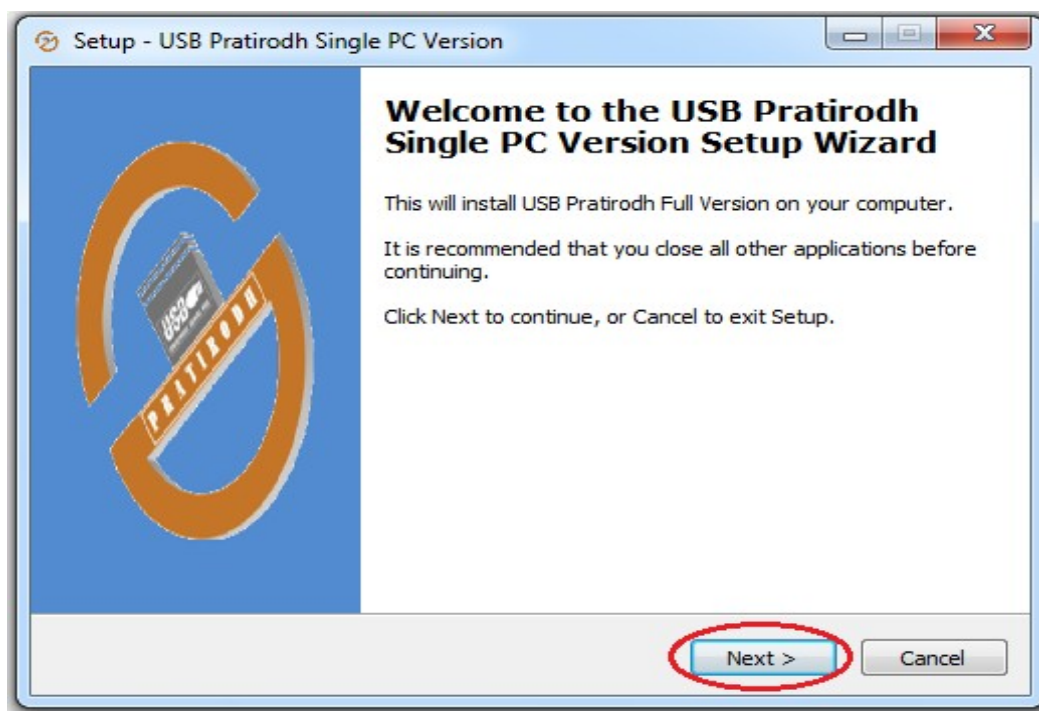

If the administrator clicks No then USB Pratirodh Single PC Version installation will be aborted by showing the following message.

If an administrator wants to proceed with the installation click on Yes.

Click on Next.

Step 2:

Accept the License agreement and click on Next.

Step 3:

The installation path will be selected automatically. Just click on Next.

Step 4:

Enter the Administrator Name and Password here.

Administrator Name length should be 8 to 26 characters.

Password length should be 8 to 26 characters and it should be a combination of uppercase letters, Lowercase letters, digits and special characters. This Administrator Name and Password will be used to log in to the USB Pratirodh Console, where the administrator can add users and devices. The administrator should remember this name and password.

The Administrator password is used while uninstalling the solution.

Click on Next.

After successful installation, the following screen will appear.

Click on Finish.

Un-installation Steps

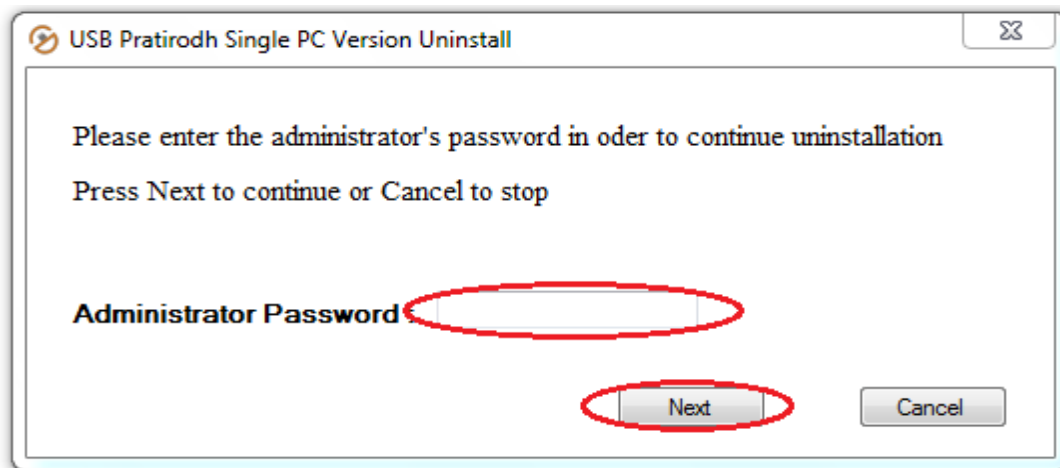

Note: - Before starting the uninstallation of the USB Pratirodh Single PC Version, please ensure all USB mass storage devices are removed from the USB port.

You can uninstall the solution from the control panel and the start menu.

1. From Start Menu Un-Installation Procedure:

Go to the start menu select USB Pratirodh and click on **Uninstall USB Pratirodh**

This Uninstaller requires the administrator password. Please provide the Administrator Password and click on Next.

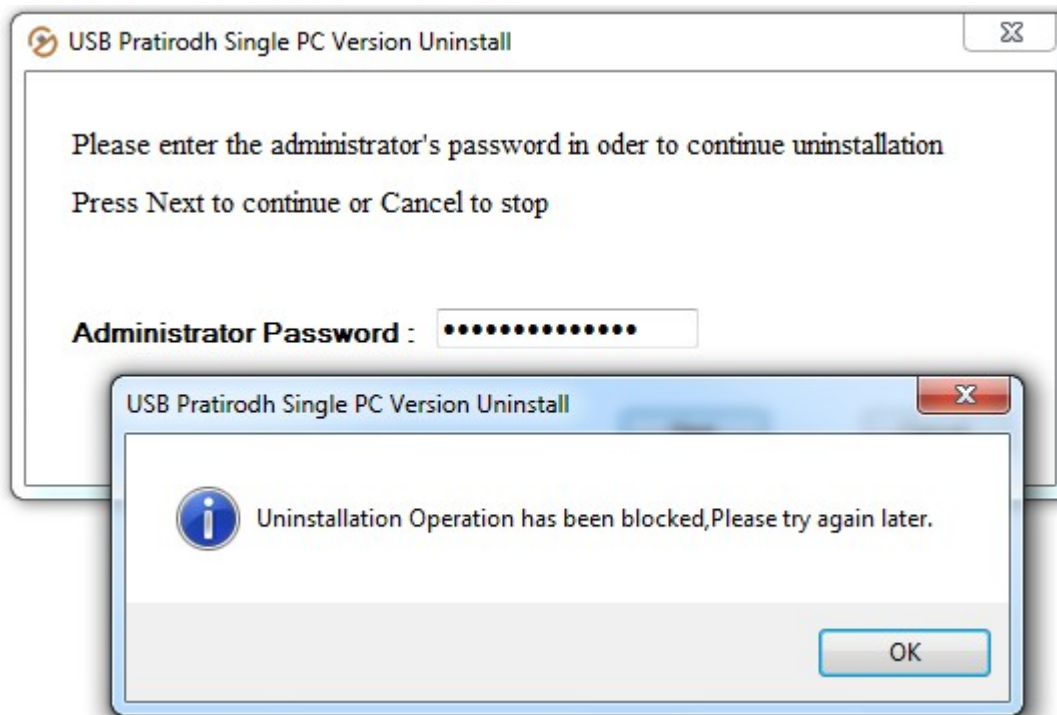

If you give the wrong password the following message box will be popped up.

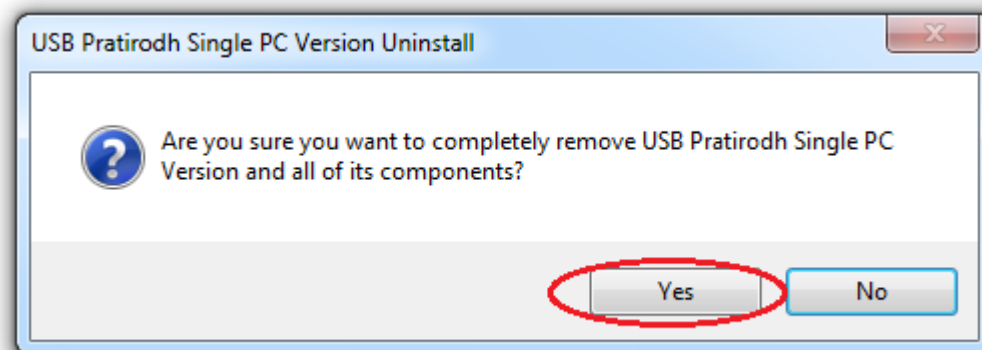

Click on **OK**.

After five wrong attempts, Uninstallation will be blocked. Please try again later.

If the password is correct, then start the uninstallation process. After successful uninstallation, the following screen will appear to delete files/folders which are created by USB Pratirodh Single PC Version.

Click on **Yes**.

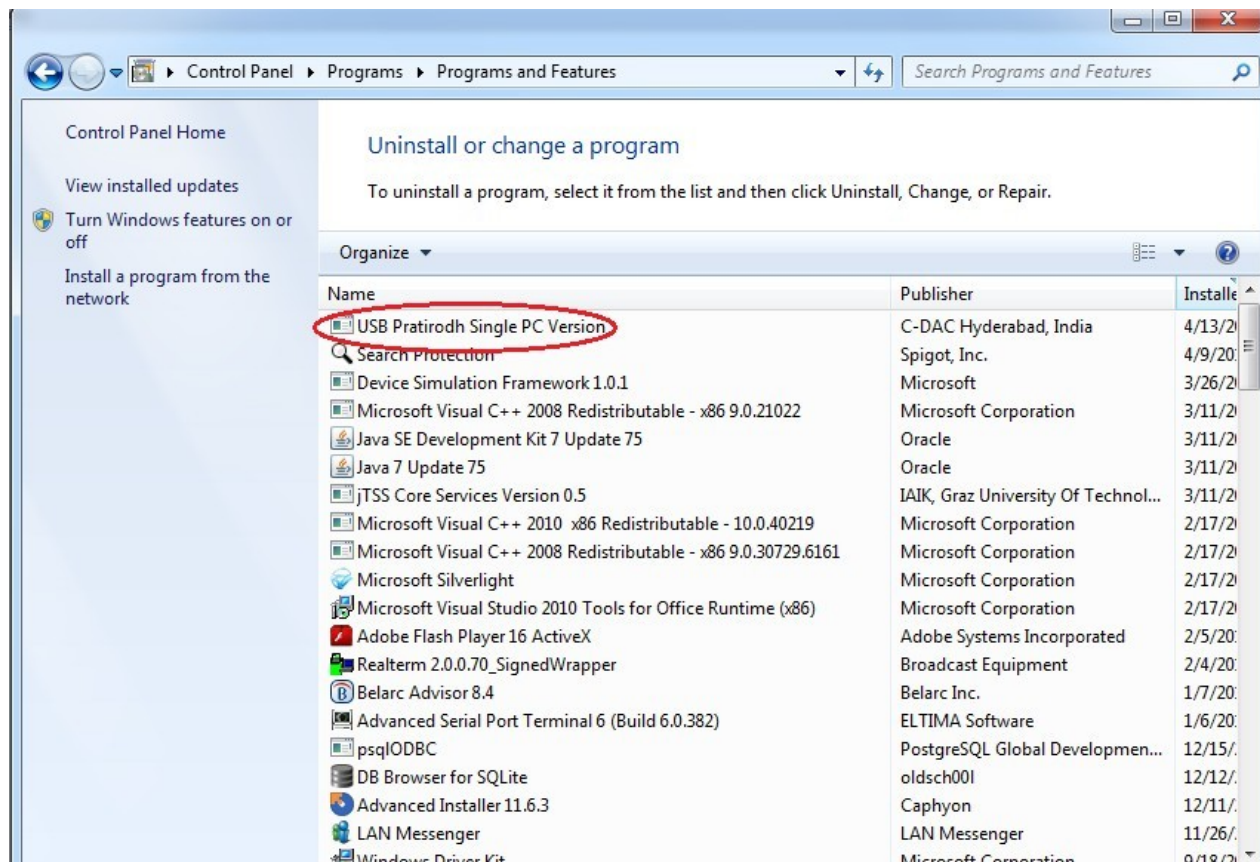

Click on **OK**.

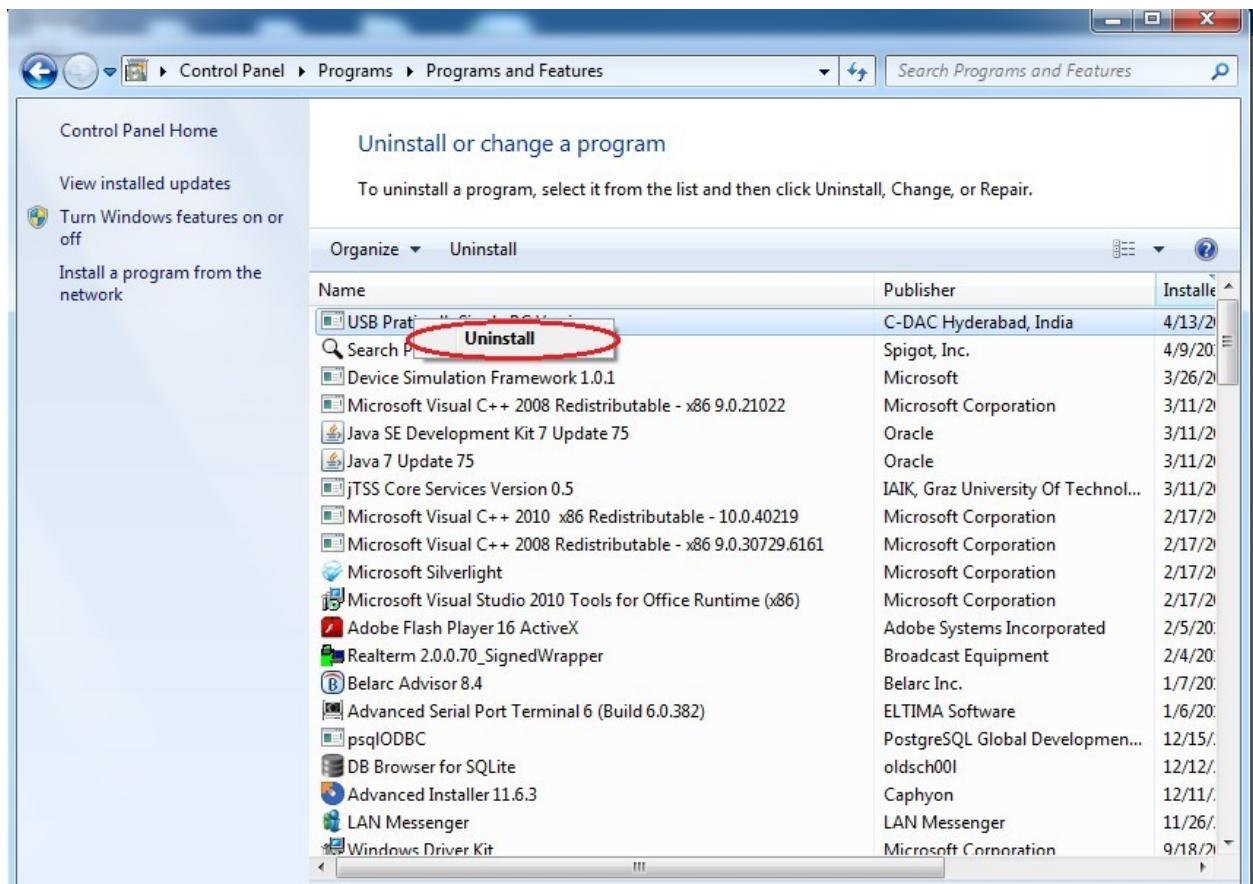

2. From Control Panel Un-Installation Procedure:

If you want to uninstall the solution from the control panel, then the following steps should be followed.

Go to Control Panel -> Change or Remove programs (for Windows XP) / Uninstall a Program (for other Windows versions) -> USB Pratirodh Single PC Version.

Select (for Windows XP)/Right-click (for other Windows versions) the USB Pratirodh Single PC Version.

Click on **Remove** (for Windows XP)/ **Uninstall** (for other Windows versions), then uninstallation of the USB Pratirodh Single PC version will be started, please follow the steps mentioned in the [From Start Menu Un-Installation Procedure](#) section.
