

Encourage children to use internet

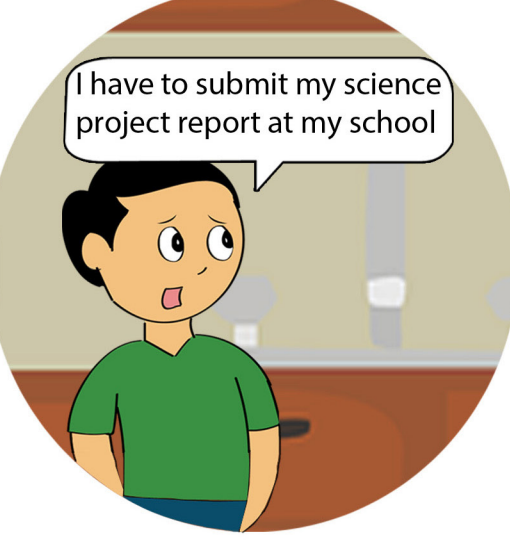

Oneday Ramesh asks his father.....

Dad, Do you know how a screw gauge works?

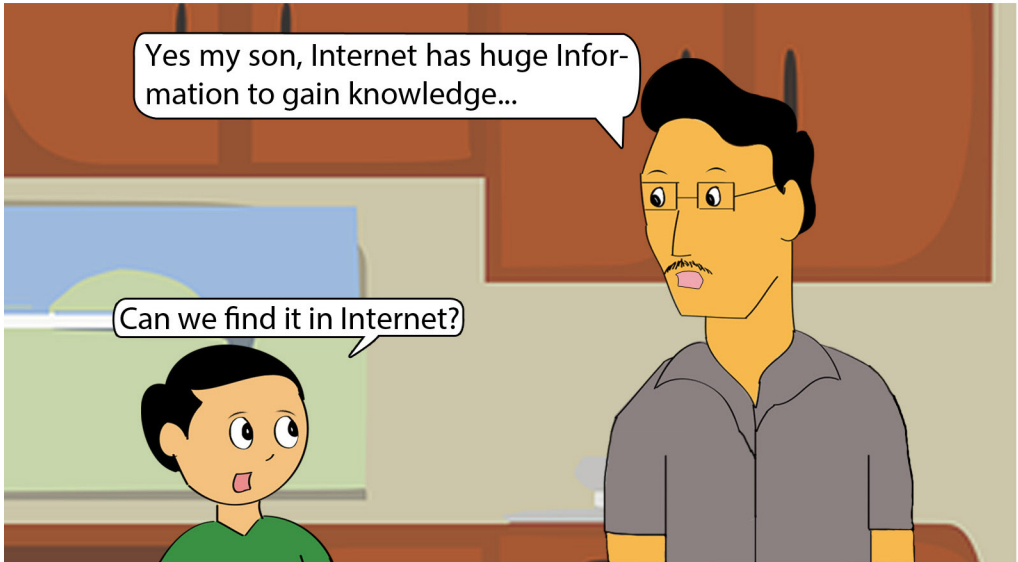

No son...

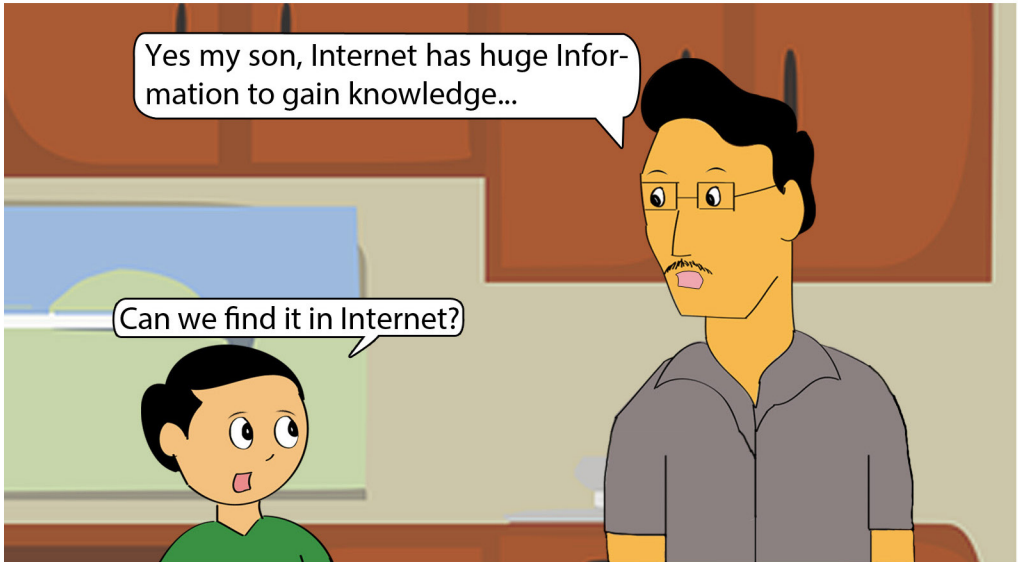

I have to submit my science project report at my school

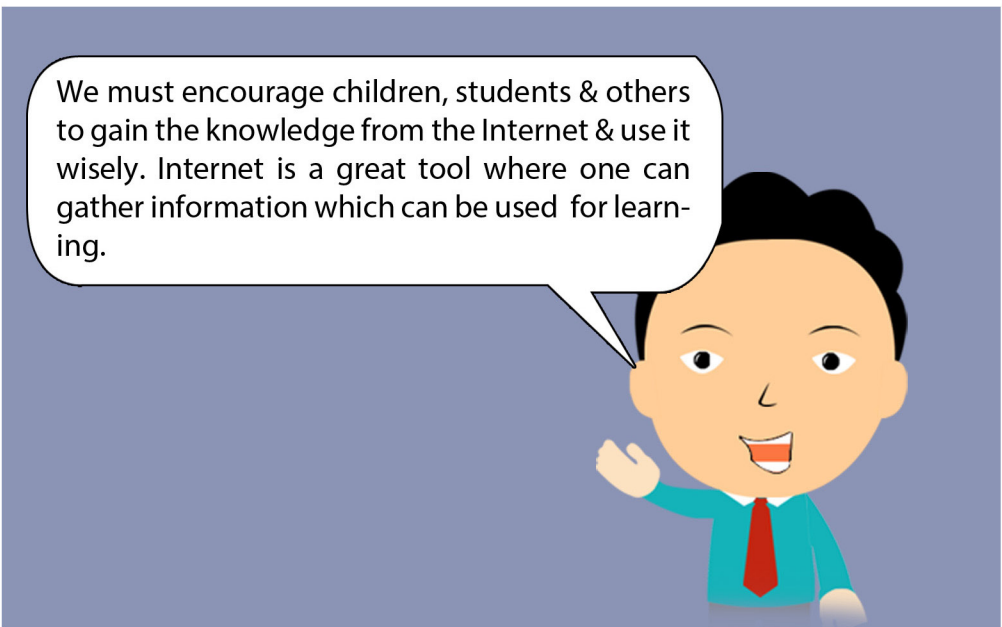

Oh! is it! then let us browse about it in the Internet

Yes my son, Internet has huge Information to gain knowledge...

Can we find it in Internet?

We must encourage children, students & others to gain the knowledge from the Internet & use it wisely. Internet is a great tool where one can gather information which can be used for learning.
