**MOMO
CHALLENGE**

**A DEADLY
GAME**

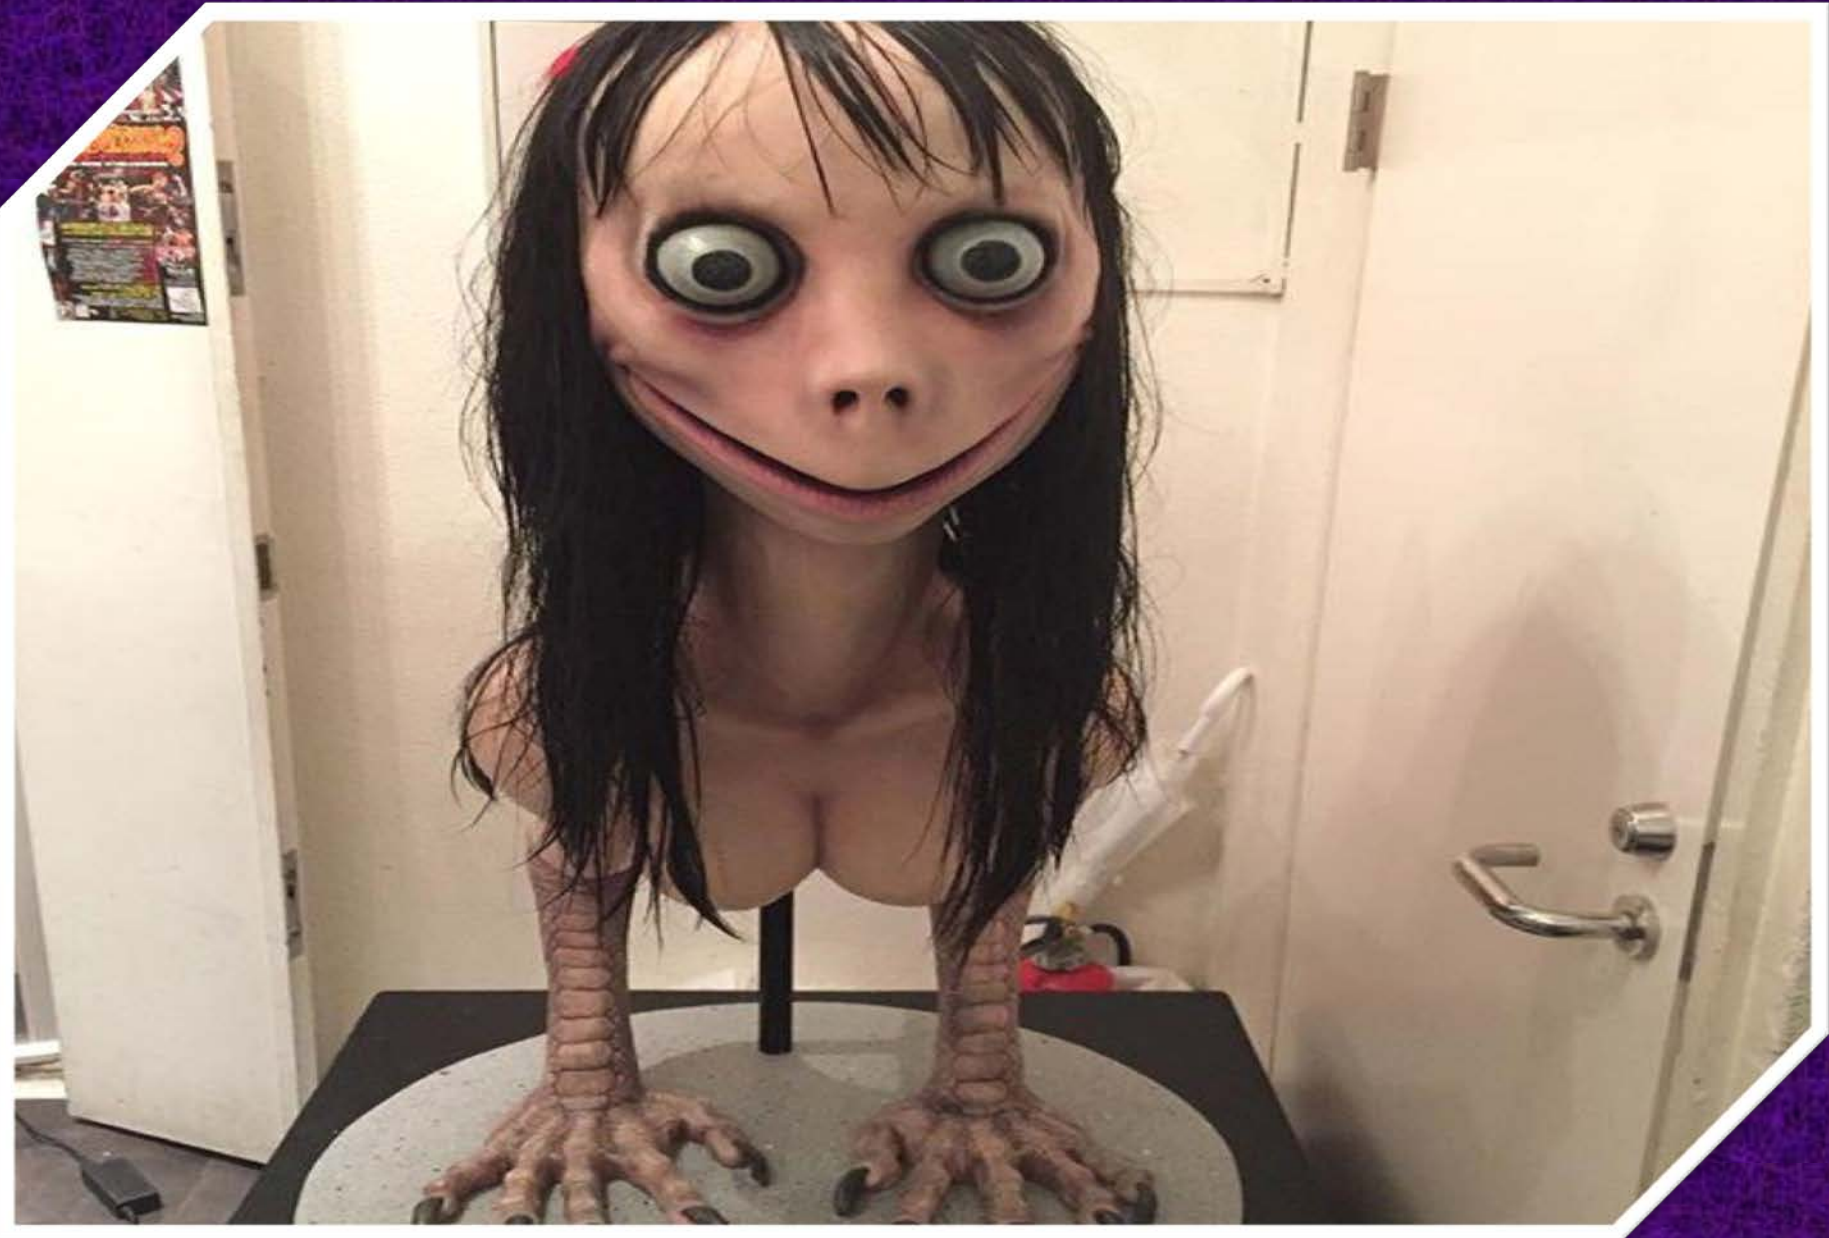

**WHAT IS
MOMO?**

- ❖ The Momo Challenge is a social media account on WhatsApp, YouTube & Facebook where members were “challenged” to communicate with an unknown number.
- ❖ Once the initial contact with a user is established, the Momo account sends a number of challenges and activities that are to be completed to meet ‘Momo’.
- ❖ It allegedly involves challenges that encourage children to engage in a series of violent acts that end with suicide.

- ❖ If a user refuses to follow the game's orders, Momo threatens them with violent images.
- ❖ The account appears to be connected to three numbers in Japan, Mexico, and Columbia.
- ❖ 'Momo' is a social media account on popular platforms that use an image of a doll with monstrous features, large eyes and a wide mouth to induce curiosity among children.
- ❖ The artwork called Mother Bird by Link Factory is inspired by the work of a Japanese artist Midori Hayashi, who has no association with the challenge, according to officials.
